Dear Neighbor:

INVITATION TO FERNALD COMMUNITY ROUNDTABLE

You are invited to meet with employees from the Fernald Environmental Management Project to discuss the Remedial Design/Remedial Action process being proposed to implement the *Operable Unit 3 Interim Remedial Action*. Topics to be addressed at the roundtable include:

- post-Interim Record of Decision activities and documents for the Operable Unit 3 Interim Remedial Action, including public involvement opportunities; and
- plans for the decontamination and dismantlement (D&D) of Operable Unit 3 buildings and structures, including the approach to determine the sequence for D&D, environmental protection and monitoring during D&D, and storage of material generated during the Interim Remedial Action.

Roundtables are small informal meetings which focus on a single topic. They are designed to encourage an exchange of information between people interested in Fernald and technical experts. Participation is by invitation only.

If you are unable to attend, please consider designating a representative from your organization to attend on your behalf.

The roundtable is scheduled for Thursday, June 2, from 7:00 to 9:00 p.m. at the Octagon *Alpha* Building, (formerly the Executive Resource Associates Building), 10991 Hamilton-Cleves Road.

Please call Julie Loerch by May 30 to reserve a space at the meeting. She may be reached at 648-6313.

Sincerely yours,

Gary D. Stegner
Public Information Specialist
